Due to the devastation from Hurricane Katrina we are unable to adequately estimate county level establishment based amounts by industry. These amounts are based on historical trends that are no longer valid. In the future county level amounts will be provided. Please refer to the amounts for the Pascagoula MSA on page 86. This MSA contains Jackson and George counties and is created from a monthly survey of businesses.

Due to the devastation from Hurricane Katrina we are unable to adequately estimate county level establishment based amounts by industry. These amounts are based on historical trends that are no longer valid. In the future county level amounts will be provided. Please refer to the amounts for the Biloxi Gulfport MSA on page 83. This MSA contains Hancock, Harrison, and Stone counties and is created from a monthly survey of businesses.
